GROUP II QUALIFIER

DOES THE PATIENT HAVE?

- Multiple Stage II pressure ulcers located on the trunk or pelvis; AND
- Patient has been on a comprehensive ulcer treatment program for at least the past month which has included the use of an appropriate Group I surface; AND
- The ulcers have worsened or remained the same over the past month; OR
- Large or multiple stage III or IV pressure ulcer(s) on the trunk or pelvis; OR
- Recent myocutaneous flap or skin graft for a pressure ulcer on the trunk or pelvis (surgery within the last 60 days); AND
- The patient has been on a group 2 or 3 support surface immediately prior to a recent discharge from a hospital or nursing facility (discharge within the past 30 days).

**WARNING**

Whenever a support surface and bed rails are used as part of any hospital or home care bed system, the potential for bed rail entrapment exists. To reduce the risk, a patient must always be assessed regarding their risk of entrapment before any product is used. Routine patient monitoring is also required once a product is in use. To learn more about the risk of bed rail entrapment, contact your Roscoe Medical sales representative for a copy of our "Bed Rail Safety Guide" or visit the U.S. FDA's website at http://www.fda.gov and search for "Bed Rail Entrapment".
Support Surfaces | Homecare Mattresses

**Fiber Core Homecare Mattress**

- 100% virgin densified polyester fiber core is more economical than foam
- Lighter weight than innerspring mattress, reduces shipping costs
- Breathable polypropylene cover keeps patient cool and comfortable
- Mattress and vinyl cover are odor free and non-toxic
- Cover is waterproof, 100% recyclable, odor, stain, and mold resistant.
- Meets Federal Fire Code 16 CFR 1633
- One year warranty on fiber core and cover

Aruba Single Layer Contour Foam Mattress

- The sculptured foam surface is designed to provide pressure relief and comfort in three areas: the head and shoulders, the torso and the lower extremities
- The computerized fabrication cross-cut design maximizes airflow and provides comfort, support and pressure redistribution
- Deluxe nylon cover is durable, zippered, waterproof and anti-microbial. The cover reduces friction, heat and contamination. The bottom is reinforced vinyl with non-slip protection for safety
- Two year warranty on foam, one year on cover

Group I | Support Surfaces | Gel Overlays

**Gel-Lite Gel/Foam Overlay**

- 24 independent gel tubes prevent migration of gel in high pressure areas
- Raise beds top and bottom without gel migration
- Triple seal polyurethane gel tube construction ensures seal integrity
- High-density foam perimeter on all sides helps prevent patient roll-out
- Conforms to body contours and allows air circulation to reduce heat
- Convoluted foam topper provides additional comfort
- Cover is vapor permeable and moisture resistant; low shear/low friction
- Weight bearing capacity: 275 lbs
- Meets flammability standards 16CFR1632
- Meridian item #HDC-007Z is now GO-78373
- One year warranty
- TAA Compliant option available, ask your Compass Health Representative

Group I | Alternating Pressure Pump and Pad Systems

**Meridian SatinAir™ APP System**

- Interlocking bubble cells exchange air every 5 minutes
- Heavy duty 16 gauge PVC
- End flaps secure pad to mattress
- High capacity output 4.5 liters
- Variable pressure setting allows for maximum comfort
- Adjustable pressure range: 10 mmHg – 160 mmHg
- Cycle time: 5 minutes
- Illuminated on/off switch
- Built-in bed mount hooks
- HCPCS Codes: E0181 (pad and pump)
- HCPCS Codes: A4640 (replacement pad)
- Two year warranty on pump, 90 days on mattress pad

CHOOSING THE RIGHT SURFACE

Pressure ulcers are high on the list of "never events" developed by the Center for Medicare and Medicare (CMS) stating that these events should never happen. We carry a broad line of systems with superior quality and exceptional value to meet your patients' individual needs.
Group II Support Surfaces | Alternating Pressure with Low Air Loss Mattress Systems

**Genesis™ III/5**
ALTERNATING PRESSURE/LOW-AIR LOSS MATTRESS SYSTEM

- Includes mattress, cover and pump
- Quiet high volume pump produces 7 LPM airflow
- Pump has LED indicators to identify normal/low pressure levels
- Mattress has 17 air bladders, 9 with laser holes for air loss function to increase patient comfort
- Pressure Range: 30 mmHg – 80 mmHg
- Cycle Time: 10 minutes
- Three pillow top head increases patient comfort and head support
- Spring lined air tubes prevent kinks and disruption of air pressure
- Mattress comes with standard nylon top cover
- CPR strap quickly releases air from the mattress
- One year warranty on mattress, 18 months on pump

**Ultra-Care™ Excel/5**
5-INCH ALTERNATING PRESSURE/LOW-AIR LOSS MATTRESS SYSTEM

- Includes mattress, cover and pump
- 5" alternating pressure mattress with low air loss
- CPR quick deflate located at the head of the mattress
- Cover is quilted, waterproof, vapor permeable nylon; low shear/low friction
- Air cells made with nylon/polyurethane for increased durability and reliability
- CPR quick deflate located at the head of the mattress
- Pump is an 8 liter-per-minute pump in an easy-to-use design
- 10 minute cycle time
- Two modes of therapy - static or alternating
- Variable pressure setting allows for maximum comfort
- Adjustable pressure range: 20 mmHg – 70 mmHg
- Two year warranty on mattress and pump

Group II | Alternating Pressure with Low Air Loss Mattress Systems

Meridian SatinAir™ 8” APM
ALTERNATING PRESSURE AND LOW AIR LOSS MATTRESS SYSTEM

- Includes mattress, cover and pump
- Pillow function maintains the air in cells at the head for patient comfort
- Air cells can be easily removed and replaced
- CPR quick deflate at head of mattress
- Quilted nylon zipper cover is low shear, fluid-resistant, and vapor permeable
- 8 liter-per-minute pump in an easy-to-use design
- Two modes of therapy - static or alternating
- Variable pressure setting for maximum comfort
- Support patients up to 350 lbs.
- One year warranty on mattress and pump

Ultra-Care™ Perimeter Plus
ALTERNATING PRESSURE/LOW-AIR LOSS MATTRESS SYSTEM
WITH 3-INCH INTEGRATED FOAM BASE AND 4-INCH FOAM PERIMETER

- Includes mattress, cover and pump
- Twenty rows of 5” ventilated alternating pressure air cells
- 3-inch integrated foam base reduces the risk of bottoming out and provides additional safety in the event of power failure
- 4” wide by 8” high foam perimeter made with high-density foam provides firm support for egress or ingress from mattress or side edge seating
- Quick disconnect air cells made of nylon/polyurethane
- CPR quick deflate at head of mattress
- Quilted nylon zipper cover is low shear, fluid-resistant, and vapor permeable
- 16 liter-per-minute pump with two modes of therapy - static or alternating
- Five pressure setting for maximum comfort
- Support patients up to 450 lbs.
- Two year warranty on mattress and pump

Group II | Alternating Pressure with Low Air Loss Mattress Systems

### Ultra-Care™ Xtra

**BARIATRIC LOW-AIR LOSS WITH CELL-ON-CELL MATTRESS DESIGN**

- Includes mattress, cover and pump
- A combination mattress system providing both alternating pressure and low air loss with a cell-on-cell mattress design for the for patients up to 800 lbs
- Cell-on-cell design prevents the patient from “bottoming out” in power outage
- Quick disconnect cells for easy cell replacement
- 10” air cells made with nylon/polurethane for increased durability and reliability
- CPR quick deflate located at the head of the mattress
- Quilted cover, moisture resistant, vapor permeable nylon; low shear/low friction
- Pump is a high-flow 16 liter-per-minute pump in an easy-to-use design
- Dual compressor for increased patient comfort and weight capacity
- 10, 15 or 20 minute cycle times
- Two modes of therapy - static or alternating
- Five comfort settings for easy pressure adjustment
- Automatic reset from static to alternating after 45 minutes
- Adjustable pressure range: 20 mmHg – 50 mmHg
- Two year warranty on mattress and pump

### Altus™ Pro

**TRUE LOW-AIR LOSS MATTRESS SYSTEM**

- Includes mattress, cover and pump
- Continuous pressure relief environment
- Helps reduce body temperature and moisture
- Snap cell design for easy replacement of individual cell
- 20 rows of 10” nylon/PU cells
- True Low Air Loss Blower produces over 1,000 LPM in air flow.
- 8 levels of pressure settings allowing
- Auto Firm Function quickly provides uniform firmness
- Seat Function increases pressure when patient is in the sitting position to prevent bottoming-out and for increased patient comfort
- Visible and audible alarms with Alarm Mute Function
- Emergency CPR Deflation through quick connector within 15 seconds
- Fluid-resistant four-way stretch polyester PU transfer cover with waterfall zipper for added protection
- Two year warranty on mattress and pump

Fall Prevention | Perimeter Covers

Safe-T-Guard™ Cover
PERIMETER COVER TO REDUCE RISK OF FALLS AND ENTRAPMENT

• Reduces the risk of falls and entrapment
• Fits all standard-size hospital mattresses as well as standard eight inch alternating air mattresses
• Secures with three quick-release straps (positioned top, bottom and middle) that connect underneath the mattress
• The quilted top is water resistant and has a covered foam border that rises approximately four inches above the mattress surface and is sloped inward to reduce the risk of roll outs
• Includes cover and 4 foam inserts with separation to allow for patient egress
• Nylon, polyurethane construction to reduce heat build-up
• Two year warranty

SGU UNIVERSAL DESIGN

• Secures to mattress with three quick-release straps positioned top, bottom and middle for a snug fit
• Universal size fits most standard hospital mattresses 35.5"W x 78"L

SG5 DESIGN (FOR 5" MATTRESS)

• Fits Ultra-Care Excel (#MER-4500) and Excel/5 (#5010)
• Zippered cover for secure fit on 5" mattress system

SG8 DESIGN (FOR 8" MATTRESS)

• Fits Ultra-Care II (#4250) and Excel/8 (#4800)
• Zippered cover for secure fit on 8" mattress system
